Guía de imágenes para cursos y biblioteca

Prompts listos para Nano Banana Pro: 18 portadas de curso, sus banners y las portadas de la biblioteca de materiales, con formatos, reglas de estilo y nombres de archivo para subirlas al admin.

TEC Capital · septiembre 2026 · v1

1 · Cómo usar esta guía

Cada prompt está escrito en inglés porque los generadores de imagen responden mejor así. Copia el prompt base, pega dentro el sujeto del curso, añade el prompt negativo si tu herramienta lo admite y genera 4 variantes. Elige la que deje el tercio inferior más limpio: ahí va el título del curso en la app.

Herramientas recomendadas

• Nano Banana Pro (la que usas): pega el prompt completo, elige la proporción con los botones y genera x2. No tiene campo de prompt negativo: por eso cada prompt ya trae al final la frase "No text, no letters, no logos…"; déjala siempre.
• Alternativas si algún resultado no convence: Midjourney v7 (`--ar 3:4 --style raw --s 150`) o ChatGPT / GPT Image.

Formatos y tamaños

Uso	Proporción	Tamaño mínimo	Dónde se ve
Portada de curso	3:4 (vertical)	1536 × 2048 px o más	Tarjetas del catálogo, inicio y recomendados
Banner de curso	16:9 (horizontal)	2400 × 1350 px	Cabecera grande de la página del curso y miniaturas de clase
Portada de biblioteca	3:4 (libro)	1800 × 2400 px	Materiales: PDFs, libros, presentaciones

Con Nano Banana Pro: elige Imagen → 3:4 para portadas de curso y de biblioteca (las tarjetas del club ya están en 3:4, así que no hay que recortar nada) e Imagen → 16:9 para los banners. Genera en x2 para tener dos opciones y quédate con la que deje el tercio inferior más limpio. No uses 1:1: obligaría a recortar en la app.

Reglas de estilo (no negociables)

1. Sin texto ni logos en la imagen: el título, el área y el logo los pone la app.
2. Sujeto en los dos tercios superiores; tercio inferior limpio y algo más oscuro (ahí va el título en blanco).
3. Paleta fría: marino, azul cielo, teal, blancos y grises claros. Nada de rojos ni amarillos dominantes.
4. Nada gráfico: sin sangre, sin cirugías explícitas, sin caras de pacientes reconocibles. Modelos, instrumental, radiografías y manos con guantes.
5. Un solo sujeto por imagen. Si el prompt te da un collage, descártalo.
6. Exporta en JPG calidad 90 o WebP; el admin las optimiza al subirlas.

2 · Prompt base y prompt negativo

Sustituye `{subject}` por el sujeto de cada curso (sección 3).

PROMPT BASE · PORTADA 3:4

```
Editorial dental photography for a premium continuing-education platform. {subject}. Modern dental clinic setting, soft diffused studio light, cool palette of deep navy blue, sky blue and teal accents over white and light-gray surfaces, shallow depth of field, crisp macro detail, hyper-realistic, calm and professional mood. Main subject placed in the upper two thirds of the frame; the lower third is softly darkened and uncluttered to leave room for a title overlay. No text, no letters, no logos, no watermark, no borders.
```

EVITAR (si tu herramienta tiene prompt negativo; en Nano Banana no hace falta)

```
text, letters, typography, logo, watermark, frame, border, collage, cartoon, illustration, low quality, blurry, extra fingers, deformed hands, distorted teeth, blood, gore, graphic surgery, dark and gloomy
```

BANNER 16:9 · MISMO SUJETO

Añade al final del prompt base: "wide cinematic composition, subject on the right half, left half calm and out of focus for a large title" y elige la proporción 16:9 en el generador.

Parámetros Midjourney sugeridos

```
/imagine [prompt base con sujeto] --ar 3:4 --style raw --s 150 --v 7 --no text,logo,watermark
```

3 · Portadas de los 18 cursos

Para cada curso: pega el prompt base con este sujeto, 3:4 para la portada y 16:9 para el banner. Nombre de archivo: `curso-<slug>.jpg` (3:4) y `banner-<slug>.jpg` (16:9).

01 · ORTODONCIA · 5 CLASES

Diagnóstico en Ortodoncia para Odontólogos Generales

PROMPT LISTO PARA PEGAR · 3:4

```
Editorial dental photography for a premium continuing-education platform. a dentist's gloved hand pointing at a panoramic dental radiograph glowing on a lightbox, orthodontic bracket model slightly out of focus in the foreground. Modern dental clinic setting, soft diffused studio light, cool palette of deep navy blue, sky blue and teal accents over white and light-gray surfaces, shallow depth of field, crisp macro detail, hyper-realistic, calm and professional mood. Main subject placed in the upper two thirds of the frame; the lower third is softly darkened and uncluttered to leave room for a title overlay. No text, no letters, no logos, no watermark, no borders.

10 · PLANTILLA · FONDO DEEP NAVY

Plantilla de nota clínica y receta

```
Minimal premium book cover design, a clipboard with a blank sheet and a dental mirror, single hero object rendered in clean 3D on a deep navy background, subtle diagonal gradient band from deep navy blue to teal, soft studio shadow, generous empty space in the top half for a title, flat and elegant, high resolution. No text, no letters, no logos, no watermark.
```

Archivo: lib-plantilla-de-nota-clinica-y-receta.jpg

5 · Checklist de entrega

• 18 portadas 3:4 → `curso-*.jpg`
• 18 banners 16:9 → `banner-*.jpg` (opcional en la primera tanda; si no hay, uso la portada)
• 10 portadas de biblioteca 3:4 → `lib-*.jpg`
• Todo sin texto, sin logos, tercio inferior limpio
• Carpeta única, me la pasas y las subo al admin o las cargas tú cuando esté listo

Extras que elevan el club (cuando haya tiempo)

• Fotos de instructores: retrato de medio cuerpo, fondo liso claro, bata o uniforme, mirada a cámara, 1:1, 1200 px. Salen en la página de curso y en las tarjetas.
• Foto de portada del inicio: 16:9, consultorio moderno con luz natural, sin personas reconocibles; hoy uso una foto pequeña del sitio viejo.
• Iconos de área (9): línea fina, un solo color, 512 px SVG o PNG: Ortodoncia, Periodoncia, Endodoncia, Odontopediatría, Cirugía, Estética, Materiales, Cariología, Medicina bucal.
