GUÍA DE IMÁGENES · NANO BANANA PRO

Portadas en Flow copia y pega

28 imágenes con su prompt completo: 10 portadas de la biblioteca y 18 portadas de curso. Adjuntas el logo, pegas el prompt y listo.

Equipo académico OdonTeck

Edición 1 · septiembre 2026

Cómo hacerlo (3 pasos, igual para todas)

Paso	Qué hacer en Flow
1 · Adjunta el logo	Sube el archivo **odonteck-logo-flow.png** como imagen de referencia. Es el mismo para las 28 imágenes. Si no te deja subir PNG con transparencia, usa **odonteck-logo-flow-fondo-blanco.png**.
2 · Configura	Elige **Imagen**, proporción **3:4** y **x2** (dos opciones). Modelo: Nano Banana Pro.
3 · Pega y elige	Copia el bloque gris completo de la imagen que toque y pégalo tal cual. De las dos opciones quédate con la que tenga el logo más fiel y limpio. Guárdala con el nombre que dice la etiqueta.

Cómo saber si quedó bien

- [ ] El logo se ve **igual** al original: el diente con degradado y las letras "OdonTeck / Consulting Group" sin deformar. Si cambió una letra o el diente, genera otra vez.
- [ ] No hay textos inventados además del logo.
- [ ] En las portadas de la biblioteca: fondo limpio, un solo objeto y la banda diagonal marino→teal abajo.
- [ ] En las portadas de curso: la parte de abajo es más oscura y sencilla (ahí la app pone el título).

> **Si el logo sale deformado varias veces**
> Genera la imagen sin logo borrando la frase que empieza con "Use the attached OdonTeck logo…" y pásamela así: yo le coloco el logo original encima con la posición exacta. Queda perfecto y no pierdes la imagen.

Dónde se ven

Imágenes	Dónde aparecen en el club
Biblioteca (10)	Estantería de Materiales y ficha de cada PDF, con efecto de libro en relieve que pone la app
Cursos (18)	Tarjetas del catálogo, inicio, recomendados y cabecera de la página del curso

Carpeta final: pon todas en **Escritorio › Imagenes a usar › para-flow** y avísame; yo las optimizo y las coloco.

Biblioteca de materiales · 10 portadas

Minimalistas, blancas o marino, con un objeto odontológico en 3D, un dibujo técnico dental muy tenue detrás, la banda diagonal de la marca y el logo pequeño arriba a la izquierda.

01 DE 10

Guía de bolsillo · Diagnóstico ortodóncico

Formato 3:4	Adjunta el logo	Guardar como lib-guia-diagnostico-ortodoncico.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Pure white matte background with a very subtle paper texture. Slightly above the center, a single hero object: a single ceramic orthodontic bracket next to a small precision dental caliper, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a dental arch seen from above with the first molars marked, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from deep navy blue (#20254B) to teal (#4FA899). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

02 DE 10

Atlas de caries · Clasificación ICDAS

Formato 3:4	Adjunta el logo	Guardar como lib-atlas-caries-icdas.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Deep navy blue (#20254B) matte background with a very subtle paper texture. Slightly above the center, a single hero object: a translucent glass-like molar with a small highlighted enamel lesion on the occlusal fissure, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a molar cross-section showing enamel, dentin and pulp layers, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from sky blue (#4A7FC1) to teal (#6FBFB0). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin on a small white rounded label, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

03 DE 10

Formato de consentimiento informado

Formato 3:4	Adjunta el logo	Guardar como lib-consentimiento-informado.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Pure white matte background with a very subtle paper texture. Slightly above the center, a single hero object: a sleek fountain pen resting diagonally on a folded clinical form with a dental mirror beside it, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a tooth outline with a small check mark, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from deep navy blue (#20254B) to teal (#4FA899). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

04 DE 10

Tabla de dosis anestésicas

Formato 3:4	Adjunta el logo	Guardar como lib-tabla-dosis-anestesicas.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Deep navy blue (#20254B) matte background with a very subtle paper texture. Slightly above the center, a single hero object: a dental anesthetic cartridge standing upright next to a stainless steel aspirating dental syringe, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a mandible with the inferior alveolar nerve path, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from sky blue (#4A7FC1) to teal (#6FBFB0). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin on a small white rounded label, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

05 DE 10

Protocolo · Abscesos periodontales

Formato 3:4	Adjunta el logo	Guardar como lib-protocolo-abscesos.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Pure white matte background with a very subtle paper texture. Slightly above the center, a single hero object: a periodontal probe with millimeter markings resting on a small white tooth model with gum, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a tooth and gum cross-section showing a periodontal pocket, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from deep navy blue (#20254B) to teal (#4FA899). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

06 DE 10

Guía de materiales restauradores

Formato 3:4	Adjunta el logo	Guardar como lib-guia-materiales-restauradores.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Deep navy blue (#20254B) matte background with a very subtle paper texture. Slightly above the center, a single hero object: three ceramic CAD/CAM blocks in white, ivory and translucent shades stacked in a neat column, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a molar with an inlay outline, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from sky blue (#4A7FC1) to teal (#6FBFB0). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin on a small white rounded label, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

07 DE 10

Manual de estratificación de resinas

Formato 3:4	Adjunta el logo	Guardar como lib-manual-estratificacion-resinas.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Pure white matte background with a very subtle paper texture. Slightly above the center, a single hero object: a fan-shaped tooth shade guide slightly opened, with a fine composite brush, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of an upper central incisor showing enamel, dentin and incisal translucency layers, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from deep navy blue (#20254B) to teal (#4FA899). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

08 DE 10

Checklist de urgencias pediátricas

Formato 3:4	Adjunta el logo	Guardar como lib-checklist-urgencias-pediatricas.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Deep navy blue (#20254B) matte background with a very subtle paper texture. Slightly above the center, a single hero object: a small rounded tooth-shaped first-aid case in white with a teal cross, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a child primary dentition arch, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from sky blue (#4A7FC1) to teal (#6FBFB0). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin on a small white rounded label, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

09 DE 10

Guía de instrumentación endodóntica

Formato 3:4	Adjunta el logo	Guardar como lib-guia-instrumentacion-endodontica.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Pure white matte background with a very subtle paper texture. Slightly above the center, a single hero object: a single rotary nickel-titanium endodontic file standing upright, catching the light, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a molar with its root canals drawn in, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from deep navy blue (#20254B) to teal (#4FA899). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

10 DE 10

Plantilla de nota clínica y receta

Formato 3:4	Adjunta el logo	Guardar como lib-plantilla-nota-clinica-receta.png

Minimalist premium cover artwork for a clinical guide made for dentists, vertical 3:4, flat full-bleed design (not a book mockup). Deep navy blue (#20254B) matte background with a very subtle paper texture. Slightly above the center, a single hero object: a minimalist clipboard with a blank sheet and a dental mirror laid across it, rendered as a clean photorealistic 3D product shot in brushed stainless steel and white dental ceramic, soft studio light and a soft contact shadow. Behind the object, a very faint fine-line technical illustration of a full dental chart (odontogram) grid, thin light-gray lines like an anatomical dental drawing. A bold diagonal band crossing the lower third from the bottom-left corner up to the right edge, smooth gradient from sky blue (#4A7FC1) to teal (#6FBFB0). Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small in the top-left corner with a generous margin on a small white rounded label, as a quiet signature of the design. Lots of negative space, editorial, calm, clinical and elegant. No other text, no titles, no letters, no watermark.

Diagnóstico en Ortodoncia para Odontólogos Generales

Formato 3:4	Adjunta el logo	Guardar como curso-diagnostico-en-ortodoncia-para-odontologos-generales.png

Premium editorial photograph for an online dental course cover, vertical 3:4. A dentist's gloved hand pointing with a pen at a panoramic dental radiograph glowing on a lightbox, a typodont with ceramic brackets slightly out of focus in front. Modern dental clinic, soft diffused light, cool palette of deep navy blue, sky blue and teal accents over white and light-gray surfaces, shallow depth of field, crisp macro detail, photorealistic, calm and professional. Main subject in the middle of the frame; the bottom third fades softly into a darker navy tone and stays simple, leaving room for a title. Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small and centered at the very top, with a generous margin, in white so it reads on the photo. No other text, no letters, no watermark, no borders. Gloved hands only, no recognizable patient faces, no blood.

02 DE 18

Diagnóstico y Clasificación de la Caries Dental

Formato 3:4	Adjunta el logo	Guardar como curso-diagnostico-y-clasificacion-de-la-caries-dental.png

Premium editorial photograph for an online dental course cover, vertical 3:4. Extreme macro of a lower molar on a dental model, a ball-ended dental probe gently touching the occlusal fissure, a dental mirror reflecting light. Modern dental clinic, soft diffused light, cool palette of deep navy blue, sky blue and teal accents over white and light-gray surfaces, shallow depth of field, crisp macro detail, photorealistic, calm and professional. Main subject in the middle of the frame; the bottom third fades softly into a darker navy tone and stays simple, leaving room for a title. Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small and centered at the very top, with a generous margin, in white so it reads on the photo. No other text, no letters, no watermark, no borders. Gloved hands only, no recognizable patient faces, no blood.

Tratamientos Periodontales No Quirúrgicos Técnicas Clínicas para el Control de la Enfermedad Periodontal

Formato 3:4	Adjunta el logo	Guardar como curso-tratamientos-periodontales-no-quirurgicos-tecnicas-clinicas-para-el-control-de-la-enfermedad-periodontal.png

Premium editorial photograph for an online dental course cover, vertical 3:4. A dental hygienist's gloved hands holding an ultrasonic scaler over a dental model with healthy pink gums, clean and bright. Modern dental clinic, soft diffused light, cool palette of deep navy blue, sky blue and teal accents over white and light-gray surfaces, shallow depth of field, crisp macro detail, photorealistic, calm and professional. Main subject in the middle of the frame; the bottom third fades softly into a darker navy tone and stays simple, leaving room for a title. Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small and centered at the very top, with a generous margin, in white so it reads on the photo. No other text, no letters, no watermark, no borders. Gloved hands only, no recognizable patient faces, no blood.

Traumatismos Dentales en Niños

Formato 3:4	Adjunta el logo	Guardar como curso-traumatismos-dentales-en-ninos.png

Premium editorial photograph for an online dental course cover, vertical 3:4. A pediatric dental model with a fractured upper front incisor next to a thin flexible splint wire, gentle bright pediatric clinic. Modern dental clinic, soft diffused light, cool palette of deep navy blue, sky blue and teal accents over white and light-gray surfaces, shallow depth of field, crisp macro detail, photorealistic, calm and professional. Main subject in the middle of the frame; the bottom third fades softly into a darker navy tone and stays simple, leaving room for a title. Use the attached OdonTeck logo exactly as provided: do not redraw, recolor, stretch or change its letters. Place it small and centered at the very top, with a generous margin, in white so it reads on the photo. No other text, no letters, no watermark, no borders. Gloved hands only, no recognizable patient faces, no blood.
